

NVR-208/216

Features

- Supports megapixel camera recording and H.264 compression format
- · Web-based management (IE7 and later versions)
- · Built in RAID 0, 1, 5, 10 function
- · Space saving with ultra compact design
- User friendly GUI with camera 'drag and drop' for setup and recording, familiar to all users with basic PC knowledge
- · Watermark capability
- · DDNS functionality
- · Support mobile client- iPhone, iPad, Android
- · Playback system with 5 intelligent search
- · Remote I/O solution and camera I/O integration
- · Audio and Video Synchronization
- Supports 30+ brands of IP cameras and 900+ models
- · Remote PTZ operation
- Intelligent Search (general motion, missing object, foreign object, camera occlusion and signal lost)
- Take snapshots from recording in BMP or JPEG format to print or save file
- Local view with 1 or 2 (optional) monitors for Live View. 1 (optional) monitor dedicated for simultaneous Playback
